Dear Mr. Morss:

This will acknowledge your letter reporting reception of CBC programming which has been forwarded to me from Sackville, N. B.

From your description, it would certainly seem to me that you were listening to our Low Power Relay Transmitter, CBAU, Larry's River, Nova Scotia, at 1370 kilocycles. However, as I pointed out to you last year in my letter of October 1 since our LPRT's do not broadcast identifying call letters, we are unable to definitely verify your reception. Nevertheless, it seems quite evident that you were listening to our all-night music from our Larry's River Transmitter.

Your letter notes that you received our signal on October 18, 1965, and reported reception at that time. I am sorry but I have no knowledge of your initial reception report, and I hope this letter will serve to acknowledge that you were indeed receiving our CBC programming.

Yours very truly,

Peter MacGillivray
